## Mental Health Plan (MHP) Specialty Mental Health and Drug Medi-Cal Organized Delivery System (DMC-ODS) Services

Specialty mental health services and Drug Medi-Cal Organized Delivery System (DMC-ODS) provided through the County of San Diego Mental Health Plan, which are separate from your physical health care.

The Mental Health Plan and Drug Medi-Cal Organized Delivery System (DMC-ODS) services are committed to providing quality mental health and DMC-ODS services to eligible adults, older adults, and children experiencing serious and persistent mental health problems and or substance use disorder issues. Mental health services and DMC-ODS are confidential and are based on the belief that people can, and do, recover from mental illness and substance use disorders. Even though asking for help with mental health problems or substance use issues may be a challenge, help is just a phone call away.

**COMMONLY ASKED QUESTIONS:**

**When does a person need help?**

When they experience severe feelings of sadness, hopelessness, severe anxiety or panic attacks and/or crying spells. When they exhibit extreme mood swings with impulsive dangerous or bizarre behavior. When there are serious behavior problems with a child. When there are mental health problems affected by substance abuse. When they experience suicidal thoughts and self harm. When they start giving away their belongings. When they are threatening to kill or hurt themselves or others. When they are hearing or seeing things others believe are not there.

**Do I have to pay for services?**

Services are available for individuals and families with Medi-Cal, limited insurance or no insurance. Programs may charge a fee for services based on an individual's income and ability to pay.
