Scope of Service

IHBS are individualized, strength-based interventions designed to correct or ameliorate mental health conditions that interfere with a child or youth's functioning and are aimed at helping the child or youth build skills necessary for successful functioning in the home and community, and improving the child's or youth's family's ability to help the child or youth successfully function in the home and community. IHBS services are provided according to an individualized treatment plan developed in accordance with the Integrated Core Practice Model (ICPM) by the Child and Family Team (CFT) in coordination with the family's overall service plan. They may include but are not limited to assessment, plan development, therapy, rehabilitation and collateral. IHBS is provided to members under 21 who are eligible for full-scope Medi-Cal services and who meet access criteria.
